FAT BIKING

The Cable Area has fantastic options for fat biking. Fat bikes have wide rims, extra-large tires, and eccentric dimensioned frames to make it all fit together. There are now over 70 miles of groomed fat bike routes and literally hundreds of miles of plowed town roads to tour. Trails include some of the popular Chequamegon Area Mountain Bike Association (CAMBA) single track routes, plus a new 14-mile wider route based on existing wooded roads.

Quiet, scenic country roads link the Cable Area with hundreds of additional miles in the surrounding region. Tour the lakes, weave through the woods, pedal alongside the wild and scenic Namakagon River, or just explore the backroads. The northwoods roads are truly the roads less travelled and have much to see.
